

HOW TO CUSTOM LIGHTING?

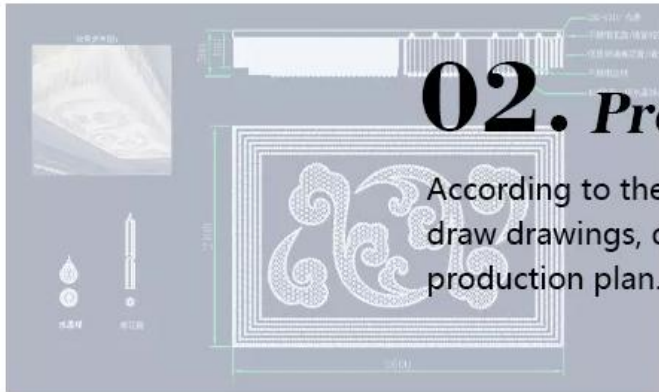

01. *Confirm an order*

Tell us your needs and budget, we will customize the solution to your satisfaction.

02. *Project design*

According to the design plan to draw drawings, determine the production plan.

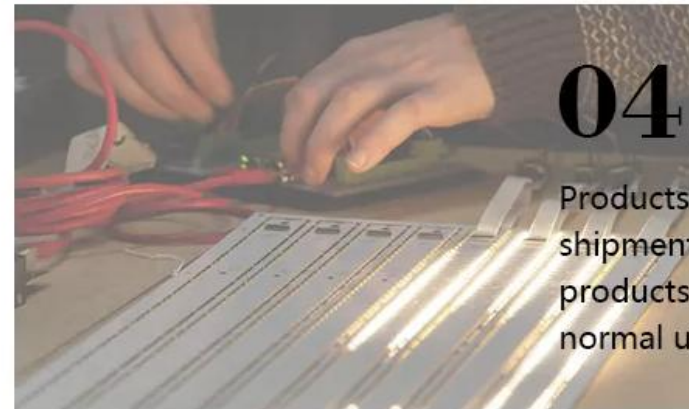

03. *Production*

We will first make samples, and then mass production after customer confirmation.

04. *Detection*

Products will be tested before shipment to ensure that products meet standards and normal use.

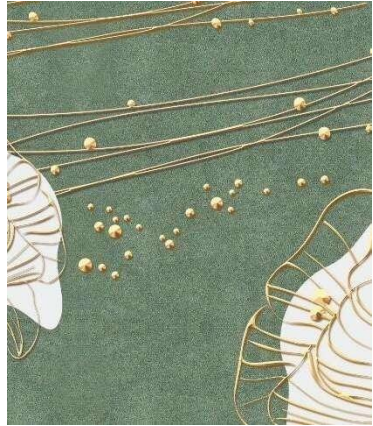

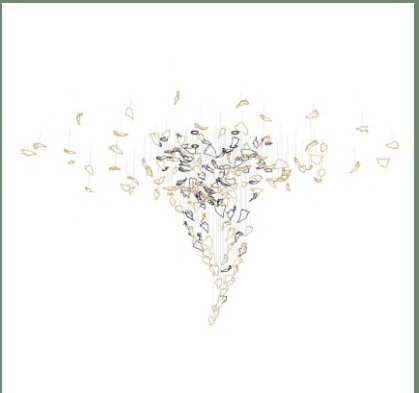

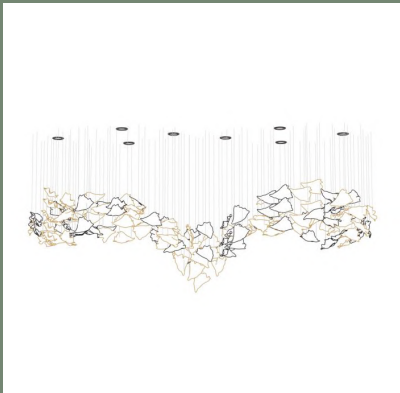

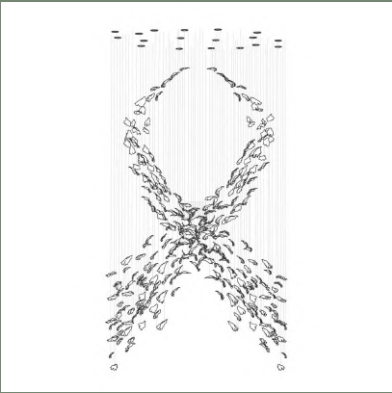

Hot Sale Design For Reference

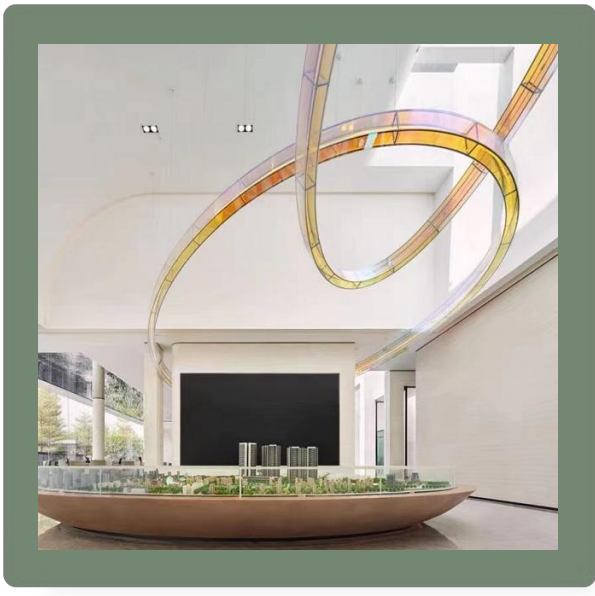

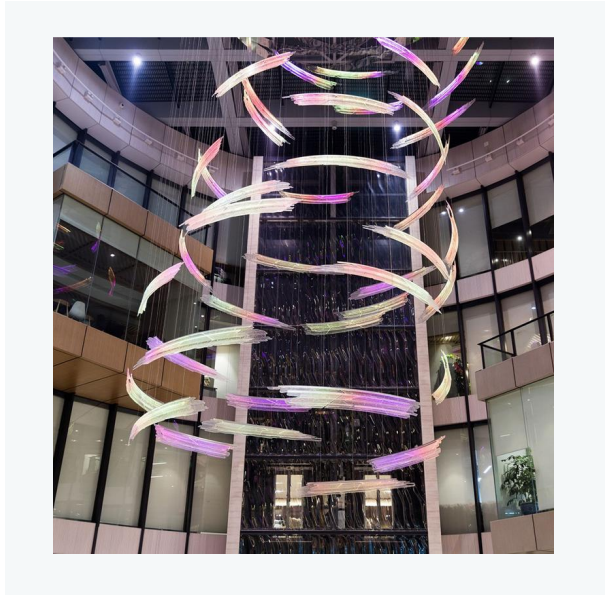

New Fashion 2022

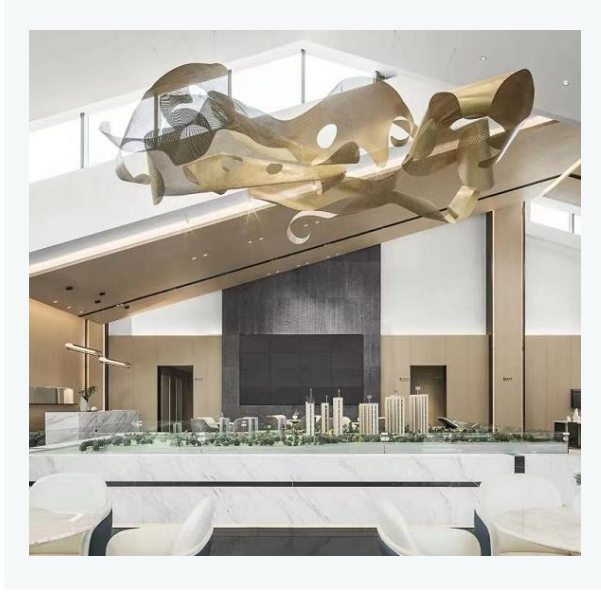

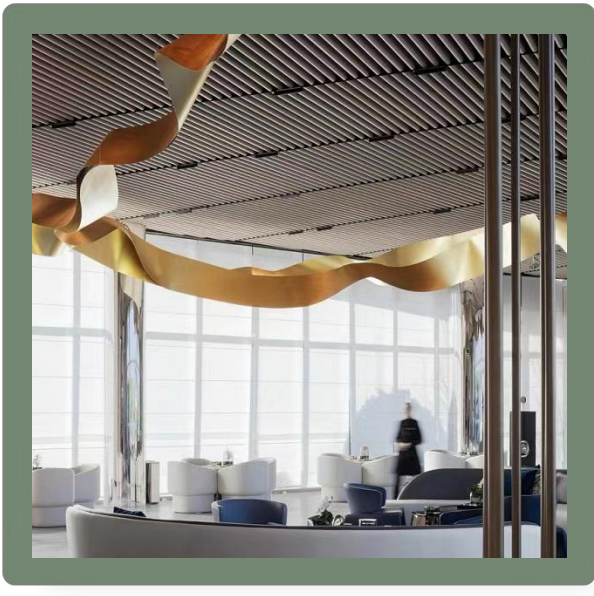

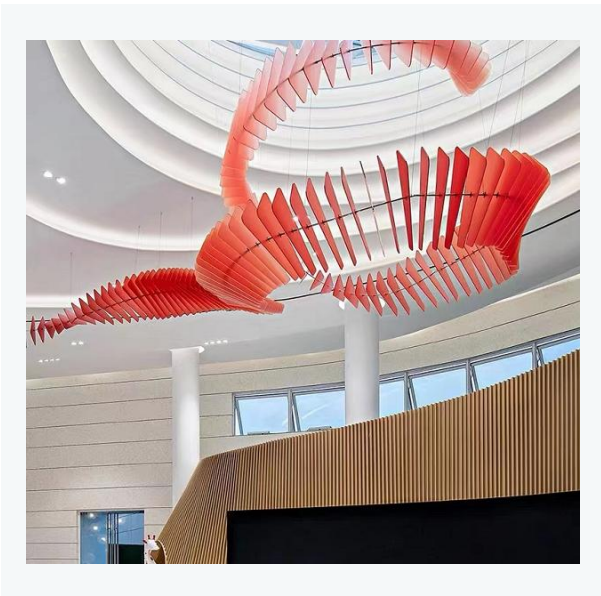

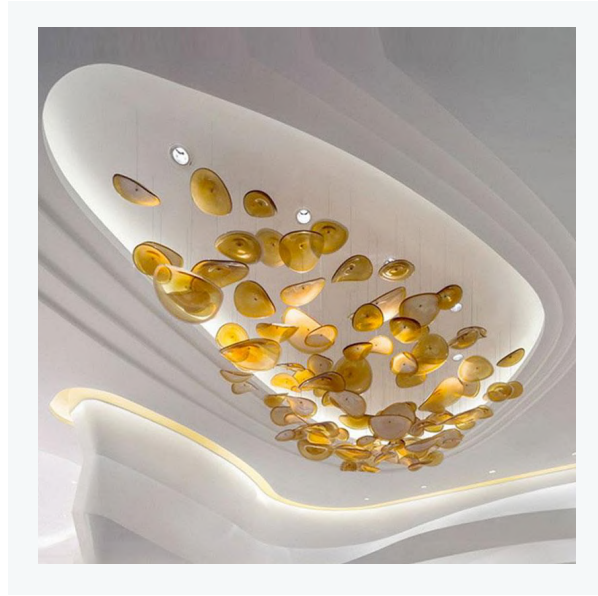

“A wonderful serenity has taken possession of my entire soul, like these sweet mornings of spring which I enjoy with my whole heart.”
